CODE OF CONDUCT

- These are kids
- This is elementary school athletics
- Coaches are volunteers
- Refs are human
- Allow kids to have fun
- It's their game!

Start times are approximate. Coaches and competitors are to be aware of the order of events and be ready to begin once the preceding event has finished.

If athletes have a conflict with the timing of track and field events, they should tell the teacher in charge that they have a conflict, then return to the field event after they complete their track event. No athlete will be disqualified for being late unless the field event is announced to be closed. Field events will only be closed when all athletes on the list have competed or been deemed absent.

Throughout the day, students will gather with their area schools on the grass area outside the track, supervised by a KPREAA coach wearing a red COACH pinnie. Please look for your coach when you arrive (some schools have labelled tents). Events will be labelled with signs. Track participants will be organized outside the track area and escorted to the inner field for their races. Only participants are permitted on the inner track field.

Participants and parents should not approach the main tent for information. Please see your school coach for information.
